III. ADMISSIONS POLICY:

Vineyard Christian School has an academically accelerated program. This program, when combined with a broad base of elementary experiences and an encouraging environment, makes for a rich school experience. The school is not able to accommodate those students who demonstrate severe grade level deficiencies or behavioral problems. We will do all we can to assist with alternate school placement when indicated.

A primary goal of Vineyard Christian School is the development of Christian character and leadership in our students. To accomplish this, the active support and involvement of the parents of our students is needed and appreciated.

Our school staff is made up of committed Christians who seek to serve God and people as openly and honestly as we can. It is consistent with our purpose to encourage each of our students and families to have, or be willing to have, a personal relationship with Jesus Christ as Savior and Lord. Since this is our purpose, we will be encouraging school families in regular prayer, Bible reading and church attendance. The school is a ministry of the Vineyard Christian Fellowship of Newport Beach.
